## Are You Rheumatic?

Many Pangs That Pass for Rheumatism  
Are Really Due to Weak Kidneys

Is it rheumatism?  
Not every pain is.  
Weak kidneys let uric acid collect.  
Uric acid causes many queer pains.  
In the thigh it's sciatica;  
In the back, lumbago;  
In the nerves, neuritis.  
Gout, Gravel, dropsy are uric troubles.  
When you suspect the kidneys use  
Doan's Kidney Pills—  
The home-recommended remedy.  
Norway testimony is the best proof.  
Ask your neighbor.

Read this Norway woman's story:  
Mrs. F. L. Starbird, in rear Beals Hotel, says: Doan's Kidney Pills have been an old standby with me for years. At times my kidneys don't act as they should or my back aches. I often have blinding dizzy spells and rheumatic pains when my finger joints seem to swell and are painful. I always use Doan's Kidney Pills from Noyes Drug Store at these times and they quickly relieve me and cure me of the attack. I can't say enough in praise of Doan's.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starbird had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

AFTER all, there are no short cuts to financial success. Most people who try to go across lots to fortune's goal have to turn back and make a new start. The slow, steady, upward climb finally brings the destination to hand. The short cut seeker is ever trying new and brambled paths. You who are destined to arrive are plodding upward on the well worn route—and the bank receiving window looms large as you go.

### Norway and Vicinity

**Universalist Comrades Chapter**  
The Universalists in this section met Friday evening at the Norway Universalist church, Norway, South and West Paris and Bethel being represented. Owing to the inconvenient train service, a large delegation from Bethel and towns along the Grand Trunk were unable to attend. Rev. J. H. Little from Bethel and Rev. H. A. Markely of West Paris and several of his parishioners made a desperate effort to be present. The ladies of the South Paris and Norway churches provided the banquet, a chicken pie affair with all the other good things. Some over 200 were seated at the tables. Grace was asked by Rev. O. E. Barnard, of the Norway Congregational church, who was a guest of the evening. The object of this gathering was to take the initial step for the organization of a Universalist Comrade's Chapter in these towns.

Although this was distinctly a men's meeting the ladies were invited. Rev. Chester G. Miller, pastor of the South Paris and Norway Universalist churches opened the meeting after all joined in singing "Blest Be the Tie That Binds" and in his usual resourceful manner by apt illustrations, citing the centralization of the Central Maine Power Company, and other large corporations, told the object of the Chapters of Comrades, in bringing out the "Man Power" he introduced Lewis L. Peck, President of the Maine Chapter, who in addition to his duties in the large Peck store in Lewiston, and his lodge affiliations, being a member of two fraternities, has devoted much time and thought to this movement. Mr. Peck gave the opening address taking for his subject, "The Men We Need." He pointed out that the men we need are those that counts, but it is the direction in which we travel that registers. He urged the men to cooperate in the work of the church as in the lodges, all of whose fundamentals are founded on the Bible. He spoke many plain truths and was warmly applauded.

Mr. Miller then introduced Rev. John Smith Love, D. D. general superintendent of the Universalist churches, who came from a great distance to meet with the people in this vicinity on this occasion, and he lived up to his reputation of being one of the greatest speakers in the denomination if not in the country. His talk was inspiring and optimistic as to the outlook of the Universalist Church. He brought echoes from the National Convention held at Detroit the past summer, when plans were made for the building of a National Universalist Church at Washington, D. C. in memory of the Soldier dead, when nearly forty thousand dollars was subscribed on the spot. He also told of one of the big movements of the Comrades in building in Japan a Boy's Home in connection with the Universalist Mission there. Dr. Love had a fund of appropriate stories at his command and his ready wit kept his hearers in good humor. He is an earnest and inspiring speaker and held the close attention of all. In his wide experience, his travels taking him from coast to coast, he meets all kinds of conditions and the greatness of the man fits him for the place he is filling. The people in this vicinity were indeed fortunate in hearing Dr. Love and it was only through the untiring efforts of Mr. Peck that he came. He had for more than a year been working to this end in order to reach the men.

The Comrade's movement is yet young only two years old, with a membership of two thousand, and at the present time Maine boasts one quarter of that membership. Such has been the inspiration of Mr. Peck and he was rightly called the "Lionel" of the State" in Mr. Miller's introduction. Slips were distributed at each place to be signed by the men for membership, and the drive will be called in January.

In these days of so many outside interests and the automobile it is a question of bringing the men into the church. In spite of the fact that there was a big Shrine meeting in Lewiston on Friday evening, Mr. Peck came to Norway to speak for the church. It was an enthusiastic meeting and it is expected great good will be the outcome.

The annual election of officers of Mt. Hope Rebekah Lodge will take place Friday evening. At 6:30 supper will be served. Those in charge of the supper are Mrs. Alice Smith, Mrs. Alice Miller, Mrs. Ella Lebrake, Mrs. Stella Carroll, Mrs. Belle Curtis, Mrs. Gladys Rich, Mrs. Erna Hosmer, Ruth Libby, Ben Hosmer, Louis J. Brooks, D. M. French and N. Edward Carroll.

Charles G. Blake and wife have secured passage for St. Petersburg for Jan. 12th. Arthur Hubbard is to remain here and care for the business during Mr. Blake's absence.

Mrs. W. G. Conary is entertaining her sister Mrs. Gertrude Adams and daughter Eleanor Adams and aunt, Mrs. Levi McAllister, all of Stoneham. The former go, next week, to Millinocket, for a visit with other relatives and Mrs. McAllister will remain during the winter.

Helen Bartlett of Andover is visiting relatives and friends in town.

Mrs. Elizabeth Manning has been seriously ill the past week and is rapidly recovering.

The paper to have been served members of the American Legion by the American Legion Auxiliary Wednesday evening was postponed until Dec. 28th. Three new members were enrolled at the regular meeting.

The high school faculty contemplates staging a play for the benefit of the athletic association. Many articles are needed and the teachers are anxious to do their bit. A cast will be picked from the teaching force with possibly a draft on the alumni to help them out. The faculty are all stars before the foot lights, and will undoubtedly draw a large appreciative audience.

The season for shipping apples is practically over. One hundred cars or approximately 2300 barrels were sent out from the Norway station, largely to Western points.

Linwood Fogg, the electrical contractor has installed a lighting plant for parties at West Bethel. Eugene Stevens of South Paris is his helper.

Mrs. O. E. Barnard was taken suddenly ill with the grip Tuesday evening and has been confined to her bed since.

Postmaster Deocost's term of office expires Sept. 24, 1922. Who will be his successor?  
E. N. Palmer of Auburn the Bradstreet Company's man has been working in Norway and vicinity the past week. He has been gathering financial reports for 4 years and likes it. For 20 years he was a printer and growing rich like all printers, he retired for less exacting occupation of investing his money. He has visited California and Florida and had a good time but somehow he likes New England best.

Mrs. George P. Locke entertained the Barton Reading Club, Thursday afternoon. The reading was from Harriet Prescott Spofford by Mrs. Leah T. Sanborn.

### FRYEBURG

#### Who Will Be Postmaster?

Much interest is in this early day manifested in the important topic as to "Who will be the next Post Master in Fryeburg?" The present incumbent John W. Hutchins will without doubt have the office if he desires it as he has (putting politics one side) pleased every one and brought the office up to a high standard. The patrons of the office would all like to retain Mr. Hutchins.

Warren Haley, Mr. Hutchins able assistant without doubt would be the logical candidate if Mr. Hutchins refused a second term. Mr. Haley is capable and a most accommodating young man and his training under Mr. Hutchins would qualify him for the responsible position.

Mrs. Mary McDonald has been under the care of the doctor for the past week. Frank Riddell of the firm of Riddell & McDonald is sick with a severe cold.

## BATES—WEST PARIS

John Millett Bryant  
John Millett Bryant died at the home of his daughter, Mrs. Freeland Herick, Tuesday forenoon, Dec. 6, after a long sickness of old age and general breakdown. For the past two years he has been in failing health and was confined to his bed for fourteen months. His daughter has tenderly cared for him with the help of her brother, Elmer, a part of the time, and her niece, Ella Tambling.

He was the son of John M. and Abigail Berry Bryant and was born August 14, 1843 in Raymond. He married Harriet A. Herick of Poland. Ten children were born into their home five boys and five girls, of whom there were twin girls and twin boys, four boys, Elmer, Jesse, Archie and Aubrey of Auburn, and two girls, Mrs. Annie McCleod who is working in Augusta, and Lora, wife of Freeland Herick of West Paris, are living and their are twelve grandchildren. There are also two brothers, Joseph and Howard of Auburn and one sister, Mrs. Martha Cash of Hartford and three half brothers, Willard E. and Willie O. Bryant and Walter Bryant all of the town of Paris. His wife died 35 years ago when Aubrey was a baby. Since that time he has continued his home on Curtis Hill in Woodstock with his little girls and part of the time a housekeeper. The baby and next older Archie were put into homes of relatives in Auburn.

Mr. Bryant knew how best to prepare the ground to raise the best garden stuff. At times he worked in the shoe shops in the city.

He was a civil war veteran of the 7th Maine Battery, after two years service he was honorably discharged and later reenlisted serving in all about three years. He was a kind father, an honorable citizen, and an earnest advocate of temperance.

The funeral was held Thursday at 1 p. m. at South Woodstock Union Church.

Rev. H. D. Aldrich of West Paris attended.

The three brothers were present at the funeral, Jesse, Archie and Aubrey, with Freeland Herick were bearers.

Mr. and Mrs. F. L. Wyman, Mr. and Mrs. I. H. Ellingwood and Mrs. Mary Swift went to Portland Monday to attend the State Grange this week which convenes there.

S. T. White took a trip to Portland, Monday.

## Emerson G. Curtis

The remains of Emerson G. Curtis were brought here last week, Wednesday evening from Roxbury, Mass., to the Universalist Church where the funeral was held Thursday at 10 A. M. Rev. H. A. Markley attended and the I. O. O. F. and the Onward Rebekah Lodge in a body. The I. O. O. F. burial service also was performed.

About three weeks before Mr. Curtis went to Massachusetts to his son Percy's farm, he was in poor health. He had been in poor health in previous winters because he felt he was not so well as usual and that he had better not linger longer here to care for himself for fear he might be taken sick. He was taken suddenly and died with heart failure without any warning. His son came with the remains. He had told H. D. Field what to do, before he went, if anything happened he did not live to come back in the spring.

He was a carpenter by trade and always had little jobs enough to do to keep him busy even in the last years of growing older.

He was the son of Edmund and Irene Young Curtis and was born in Woodstock, Nov. 15 1846. His boyhood days were spent on a farm on Young's Hill in Greenwood but the larger part of his life has been spent in West Paris. He married Aarantha R. Cummings of Greenwood and to them were born two children, Percy and Bertha, who died ten years ago. His only near relatives left are his son Percy and a niece, Mrs. Irene M. Briggs of Portland, who were here to attend the funeral, also a distant relative, Mrs. Abbie Curtis of Norway. He was a great lover of nature and spent his recreation hours hunting and fishing. When the Universalist Church was built, he gave his part or work with the other workmen toward a memorial window.

He was a kind, obliging and moral and a temperance advocate, a quiet, unassuming man and a lover of children and pet animals. His wife died 35 years ago. He made his home with his cousin, Hannibal Curtis, and with his wife, Juliette F. Curtis, after his death until Mrs. Curtis left the home, which was sold afterwards. Since then he has cared for himself. He was a charter member of the I. O. O. F., a member of the Mollycoddle Commandery and Rebekahs.

At the all day grange meeting last Saturday the following officers were elected:

Mr. F. L. Wyman.  
O. F. L. Littlehale.  
L. R. H. F. Aldrich.  
Steward—Morris Ellingwood.  
Sec. S. William Littlehale.  
Chap. A. D. Littlehale.  
Treas. W. C. Stearns.  
Sec. Mrs. M. A. Wyman.  
G. K. O. A. Marshall.  
Cores—Mrs. Alice Littlehale.  
Pomona—Mrs. Anna W. White.  
Flora—Mrs. Mary Swift.  
L. A. S.—Leona Marston.  
Librarian—Evelyn Small.  
Chorus—Ossie McKean.

Oyster stew and pastry was served for dinner upstairs to about 60 people. All had a very enjoyable time. The business session in the forenoon showed a good financial record. A good sum has been received for hall rent the past year and considerable reduction made on the debt. The next meeting will be on Dec. 24, and there will be a Christmas tree program to which all grange members and their families are invited. The committee.

## Catarrh Means

### Impure Blood

It is a Constitutional Disease.

When it affects the nose and throat and becomes chronic it weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs taste, smell and hearing.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease, and gives permanent relief.

"I had catarrh of the head and stomach, and dreadful ringing noises in my ears. I decided to try Hood's Sarsaparilla, my health improved wonderfully, and I adopted Hood's Sarsaparilla as my family medicine." Mrs. M. Jenney Shaw, St. Johns, Ohio.

tee chosen will inform each of their plan.

A good time is expected.

The remains of Jud Curtis were brought here from Portland for burial. The funeral was held in the Universalist Church Sunday at 1 P. M. Mr. Curtis was a former resident here and kept a general store where G. A. Smith now is. He was a cousin to the late Davis P. Curtis and others and was well known by the older population of the place.

The Union Christmas exercises will be held Sunday evening, Dec. 25 in the Baptist Church. It will be a pageant of the nativity. A large chorus of young people will sing the Christmas carols, also the young people of the Sunday schools will represent the various characters of Wise Men, Shepherds, etc. Colored electric lights will be used on the tableau pictures for illustrations. The Christmas festivities, gift giving, etc., will be held on Monday, time and places will be announced by each school as it sees fit to arrange.

The Finnish people are to celebrate Christmas in their church, Sunday evening, Dec. 25.

Another fire scare happened last week, Wednesday afternoon, when the roof of Mrs. Bicknell's house where Dexter Gray lives, caught fire from a spark from a burning chimney. Both whistles blew and the chemical engine and hose company were soon on the spot only to find that the ladder company had put it all out with a few buckets of water.

## NORTH HARRISON

Almon Rowe had his wood sawed last week. He expects to soon go to the mill to work.

The timber is being cut and hauled from the Haskell place to the mill of Joe Pitts on the Harrison road. Walter Tibbotts had a sick horse at Almon Rowe's one day last week. He soon recovered so he took him home with him. He still changes horses on his mail route.

## JOSEPH ANDREWS VISITS MAINE

Dear Advertiser:

I will begin this letter by quoting from one of the correspondents of one of my home papers "The New Era," Parker, S. D. the following account of a chicken thief raid and corn husking bee, which will give your readers some idea how they do things away out west.

Mr. Piper was born in Maine some more than 50 years ago and has been one of my Dakota neighbors for more than 40 years, seven years of which were passed upon my Old Homestead Farm. His mother, 95 years old, lives with him. His wife died a few years ago and left him with nine children, to care for, 6 girls and 3 boys. His two youngest are boys too young to be corn huskers for several years yet. Alvin the other boy is 21 and has been his father's stalwart helper until about three months ago when he lost his right hand in a wood sawing machine and now has a felon on his left fore finger. In this emergency his neighbors came to his aid, 72 of them, and in one day cleaned up and cribbed his entire 60 acre corn field. "County News," South Hurley and Swan Lake Township.

"Chicken thieves called upon Mr. and Mrs. Forest Bach last Thursday night, but methinks they won't call again. The reason is this, Mr. and Mrs. Bach own two big Dane dogs and after the commotion was over one dog proudly displayed the seat of a pair of pants and the other a cap. The Bachs are perfectly willing to return these articles to their rightful owners if they will call and prove their property."

"Community Husking Bee—Had a motion picture camera been stationed at the edge of George H. Piper's cornfield on last Wednesday morning, there might have been such a picture as has never been portrayed before. It would have had plenty of action, not a little comedy, and a wee bit of tragedy. As old Sol peeped out upon a frosty world, the rattle of about 30 weasels broke the stillness and partially drowned the shouts of about 70 men as they greeted and joked each other. In a very few minutes these sounds were drowned by the banging of the ears of corn against the banging of the Legion boys of Chateau Thierry or the Mar. But it wasn't just noise, not all bark but some bite, for they sure did bite some hole into that field of corn, and when the sun sank low in the west they had 2200 bushels of corn cribbed for Mr. Piper. There were men from nearly every calling, some of which had never picked an ear of corn before, and the action of these to the more experienced pickers were ludicrous indeed—for a little while but there was nothing funny about the swollen wrists, aching backs, and tired limbs as they waded their way homeward at nightfall. At noon the men were taken in cars to the I. O. O. F. hall in Hurley where a delicious as well as substantial community dinner was served by the ladies of the Rebekah and Eastern Star lodges. Hot lunches were served at all hours of the afternoon at the farm, Mesdames B. C. Bach, Ted Andrews, Marvin Randall and Arthur Nelson assisting with the serving. This husking was a kind of neighborly deed such as does not go unrepaid, Mr. Piper and family deeply appreciated it, and heartily thanked them and all for this aid in their misfortune.

On Monday, July 18th, 1921, I packed my satchel, bought a one way ticket over the Pennsylvania Line to Fryeburg, Maine. My ticket cost me 33 dollars, or about four cents a mile, the one way fare. It is very nice to travel in a Pullman sleeper, but six dollars for a one night's ride between Pittsburgh and Boston seemed too much like a hold up so I contented myself by riding in the coach and kept the six dollars to be spent elsewhere. I left Pittsburgh about 8 P. M. and had to change cars five times, at Philadelphia, at Western, and two other places, before I reached Portland about four hours late at 8 P. M. Tuesday night, too late to catch the train to Fryeburg, so I had to stay all night in Portland.

Believing in Benj. Franklin's slogan, "A dollar saved is a dollar earned," I spent the night at the Union Station. Passengers were going and coming at all hours of the night, and I was not at all lonesome for many others like myself sought the hard, but free and friendly benches upon which rest on the Allegheny River. The longest night must have an end and morning came at last, and with the early dawn I was out inspecting the near-by city streets, where I patronized a 25 cent lunch counter, and soon after boarded the 8 A. M. morning train which landed me at Fryeburg station about 11 A. M. From there with satchel and umbrella in hand I walked up town for half a mile to the home of Charles Andrews where I called and received a cordial greeting, and my long hard journey of 800 miles came to a pleasant end.

Mr. Andrews owns a fine home in the outskirts of the village, occupied by himself, wife and daughter, Ethel, the latter a school teacher but at home for her summer vacation. He owns a fine large lumber truck and was busy hauling pine lumber from out Harbor way to the box factory and station in the village. He also owns a fine, high grade auto. After dinner Mrs. Andrews and daughter took me for an auto ride which landed me at the home of my nephew, Henry Andrews in West Fryeburg where I was made my headquarters during my three weeks stay in Fryeburg.

Mr. and Mrs. Andrews have one of the finest and most sightly homes in Fryeburg. Their three children, Charles, May and Calista have grown up, married and have fine homes of their own near the old home nest and Henry and his wife have the big fine house all to themselves. Mrs. Andrews, nee Heath, is a fine cook and house-keeper, and besides her household duties she takes great pride in caring for a fine large flock of Plymouth Rock hens which pay her richly for their care and keep her busy by the well filled egg crates which she weekly takes to market. Henry is well to do, besides his farm he owns valuable timber land. His well kept fields are devoted mostly to pasture and hay, the latter of which he sells, and he keeps up the fertility of his land by burning Canada ashes by the car load. He keeps a small herd of choice milk cows, which he takes great pride in caring for, and he had the finest, cleanest garden that I saw anywhere in my travels, with bushels of tomatoes and cucumbers and lots of sweet corn, pole beans, peas and small truck, with a fine strawberry bed, sweet peas and bright and handsome flowers. He keeps a fine driving horse and buggy for his own personal use and he owns an auto which his daughter Calista, nee Farrington, who lives near by cares for.

The day after my arrival he had some business to attend to over beyond Frye-

burg Center and took me along for a fine buggy ride. We called on David Bradley and Marcus Smart and returned by the Mud City way. From a large spring away back in the hills which he has piped to his house and barn he has a never failing supply of the purest spring water. One of his chambers he has turned into an up to date bath room. He has a furnace in the basement and his house and barn are lighted by electricity and he has a two year supply of stove and furnace wood in the wood shed. We wished to investigate the water works the next day he took me for a buggy ride to the spring and we also took along our pails hoping to fill them with the delicious blueberries. After visiting the spring we went in search of the elusive berries, but we found them few and far between.

The late frost last spring having nearly ruined the crop. After a long search we gathered less than a quart each and quit and went home and that ended my blueberrying for 1921.

Here in Fryeburg we have had a fine fall. No frost in November and the weather man says only 75 hours of sunshine in the month. Have had rain enough to raise the three rivers to a stage of 25 feet, but the water is receding with but little damage done and that on the Allegheny River. Business here they say is improving every day and the prediction is freely made that 1922 will witness a great revival in business everywhere. What a grand thing it will be if the World's Congress now in session in Washington shall find a way to do away with war and establish peace and prosperity all over the world and for all time to come.

Yours truly,  
Joseph Andrews.

### FRYEBURG

Rev. Louis A. Dole, pastor of the Church of the New Jerusalem was in No. Chatham, N. H., on Friday afternoon, Dec. 2, to conduct the funeral services of the late Mrs. Rebecca Charles, she was 88 years and 12 days old. She had been very bright and active until a few weeks ago, when she suffered an attack of neuritis from which she did not recover. She always attended the annual reunions of the Charles family of Fryeburg and vicinity and was much interested in all that related to the family and its meetings.

Clayton W. Pike of Philadelphia has been the recent guest of his aunt, Mrs. Mary B. Barker. She is much pleased to be able to spend the winter in her new home in Fryeburg village.

Word has been received of the safe arrival of Mr. and Mrs. Benjamin T. Newman in Florida, after a journey by rail of 36 hours from Boston.

D. R. F. Chase of West Baldwin has been the recent guest of Fryeburg friends. His son, Richard Barker Chase, who has been in ill health for some time, is now very much improved in health.

Donald Steadman of Portland, Mr. and Mrs. E. E. Weeks and son, Eugene of Parsonsfield, have been among the recent guests of Mr. and Mrs. Nathaniel Walker.

Hazel Obrey of Canada is the guest of her aunt, Mrs. Ella S. Olney.

The Fryeburg friends of Anne Louise Gordon of Portland were much surprised and grieved to learn of her recent death at St. Barnabas Hospital. They always enjoyed her visits to the home of her uncle, the late Dr. S. C. Gordon, and also her visits to other relatives here. She was the eldest daughter of the late Mr. and Mrs. Marshall Gordon of Boston; her father was a member of the well-known Gordon family of Fryeburg. Besides two brothers in Boston, and a sister in Portland, she leaves in Fryeburg an uncle, Samuel C. Gordon, and a cousin, Mary L. Gordon, also an aunt, Mrs. Hannah McKenney, and a cousin, Mrs. W. L. Cousins of Portland, and aunt, Mrs. Julia Gordon of Fryeburg, who is spending the winter in Massachusetts, and many other cousins and relatives.

Rev. J. H. Little, the Universalist minister of Bethel, and Mr. Kilgore of Lovell, were in town a few days ago to attend the funeral services of Loren S. Olney. Mr. Olney had been in ill health for some years, suffering from heart trouble, and for this reason he had not been engaged in business for some time. He was a native of Canada and had resided in Fryeburg for many years. He leaves a wife, who before her marriage was Ella S. Weeks, Mr. Kilgore sang a solo at the funeral services.

Harry Fessenden and friend of Portland have been the recent guests of his mother, Mrs. Augustus Fessenden.

The Sunday School of the First Congregational Church have very recently received a gift of a number of books from Mrs. J. K. Southern of Ye Inn.

Harold Eastman and Bernard Dunlaevy of Bowdoin College and Lillian Swan of Fryeburg have been among the recent guests of Carolyn Leadbetter.

Mrs. and Mrs. James W. Eastman entertained recently a small company at which in honor of their three sons and their guest, Clifford Eastman of the University of Maine, Harold Eastman of Bowdoin College, Robert Eastman of Fryeburg Academy and Bernard Dunlaevy of Bowdoin College. After games of which had been enjoyed, delicious refreshments were served. The evening closed with a social dance that was pleasing to all.

## OXFORD

Mrs. Annie McAllister  
Mrs. Annie McAllister, aged 78 years died at the home of her daughter, Mrs. Dora Grover. She had taken her bed only a few days before her death which came so unexpectedly. She was always a loving wife and mother, doing everything that laid in her power for her husband and children, and endeared herself to all who knew her.

She was the daughter of David and Matilda (Ella) McKoon and was born in Stoneham, Jan. 30th, 1843, and lived there 72 years, then went to Oxford with her son, Eli McAllister, where she lived four years after which she went to Bolster's Mills to live with her granddaughter, Mrs. Mildred Grover. Here her husband died, Jan. 27th, 1920, then as the scenes were too painful for her she went to Oxford with her daughter Dora, where she has lived up until the time of her death. She leaves six boys and two girls, Grant McAllister of Lovell, Walter of Harrison, Jonathan of Watford, Eli and Wallace of Ansonia, William of Oxford, and Dora Grover of Oxford and Lizzie Stearns of Stoneham. She also leaves Mildred Grover of Welchville, a granddaughter whom she has taken care of and brought up since she was three months old, the same as an own child, one brother, Burnham McKoon of Albany and two sisters, Mrs. Sally and Sophia McAllister both of Stoneham, besides grandchildren, great grandchildren and a host of friends to mourn their loss.

# The Holiday Spirit

The holiday spirit is with us in this store. There is a generosity of endeavor on our part to reciprocate in kind the many favors which have been bestowed on us during the year now drawing to a close. We are full of courage and confidence that the New Year will continue in a just measure to return a yield that shall compare favorably with the amount of effort we put into it. The period of re-adjustment in the World's values is rapidly passing and the future is full of hope. In our humble way we shall keep on doing our full share of helping the good work on. Already there is talk in the air that re-placements may be made at lower figures in the Spring—We hardly think it.

Be that as it may be, for the rest of the year and well into next, we are going on giving the same values in men's, young men's and boys' clothing, which we so successfully inaugurated at the beginning of the year. The same holds true of our Christmas Offerings. We have a splendid assortment and many gifts will be in presentation boxes that will serve admirably for remembrances, at almost pre-war prices.

Look over the list below, remember we don't ask you to do your shopping early. We say shop when you want to, but we do think that it is to your advantage to shop at your home store.

## What Can I Buy for a Man?

The question above has been asked us often by the fair sex when Christmas shopping. Probably the best answer we can give is the following:

As there are many appropriate Christmas gifts we hardly know where to begin. Well, to start with, we'll say:

There are Shoes for Men, Young Men and Children—these are thoughtful gifts that carry comfort to the receiver. Then Neckwear, Gloves and Suspenders—a pretty Tie holds an important place with a Man, while a complete pair of Suspenders is none the less appreciated, while Gloves—well, we need hardly mention the favor they hold with the men. Our showing speaks our readiness to please all tastes.

Shirts—both every day and dress-up. Nothing is more useful to a man or accepted with more earnest appreciation than Shirts. Our line embraces all that is good in Shirts and is selected for the holiday trade.

Then there are Umbrellas, Dress-Suit Cases, Collars, Collar Buttons, Cuff Links, Handkerchiefs, Mufflers, Hosiery, Underwear, Clothing, of course, and many sensible and useful gifts such as will gladden the hearts of the recipient.

In buying here you are perfectly safe, as there is absolutely no risk of getting unworthy goods. We have prepared well for the Holiday season, and hope with your help to rise even above our expectations in strengthening old friendships and making new ones.

While we wish you all a

### ARE WE DEGENERATING?

The constant and unending stream of murders, robberies, pilferings, breaches of trust, divorces, scandals, and other off-colorings of humanity portrayed in the daily press lead many to the belief that the American people as a race are deteriorating. Certainly the indictment is terrible and appalling, with but limited corrective measures applied. It does not necessarily imply, though, that the people as a whole are failing to keep moral pace with the times. It is probably no more than the placing of emphasis on the weaker side of humanity, whereas the better side attracts but little attention.

When the men and women of the present generation were young there was not so much publicity as there is today. The latest scandal was not smeared all over the first page of the morning paper, ready to be read at the breakfast table. The daily press did not go into every sensational detail then, as it too often does now. The morbid curiosity was existent then as much as now, but the press was more considerate in the matter of publishing nauseating details and placing them before the young children of the day. It was not the custom of the time.

We have many millions more people than we had fifty years ago, hence there is naturally more crime to be expected and chronicled. Then, too the freedom of the press makes it appear even more numerous than it really is. Regardless of the moral filth that is paraded before the public day after day we do not believe the American people are degenerating. A certain noise making and stench producing minority are, but the people as a class are as clean minded as any people on earth—more so than those of some nations that might be mentioned.

A strengthening and tightening up of law and order would be beneficial, and that will come in time, just as it did in the old frontier days when the six gun ruled. The law abiding element will stand just about a certain amount of skulduggery and ruffianism, and then its patience will snap. When the debris is cleared away we will be morally cleaner, healthier and better in every way. The American mind rises above a continual state of debauchery.

**Agricultural Class Projects**  
Students pursuing the Agricultural Course at Norway High School have several projects under way. According to Prof. Edward H. Brown's statements these are practical methods for the students to acquire a working knowledge of real conditions in everyday experience. In other words, the book theories of the class room. Farm arithmetic is brought into play as the students must keep an accurate account of debits and credits to show exactly whether or not the project is a good monthly investment.

Poultry is being featured by Harold Nevers with twelve White Plymouth Rock pullets; Carl Perry has twenty-four Leghorns and R. I. Reds; Warren Knightly is handling thirty-one R. I. Reds; Ernest Watson has a flock of forty White Leghorns and R. I. Reds; Harold Thurston is hustling for a big saving from 25 Barred Rock pullets. Alva Richardson has made a trade with his father and taken over fifteen birds of mixed breeds. Carroll Deoster features thirty R. I. Reds and since this project has been on, has cleared about \$12.00. Lester Richardson is speculating with roosters, buying and fattening, then selling them at a profit, netting good profits. Thus far he has a balance of \$8.00. Lawrence Brown has twelve R. I. Reds taken over on an arrangement with his father. George Young started this week with a selection from his mother's flock, and has a new poultry house built largely by himself. In all cases the boys have full charge of the project, and are responsible for every item entering into the initial cost and up-keep. Prof. Brown keeps in touch with each boy and suggests proper rations and methods for securing the greatest returns on the investment.

Another instructive project is pig raising conducted by Warren Knightly and Carl Perry. Each started with a pair, four months old, and will feed according to scientific methods until the porkers can show at least one hundred and fifty pounds. A little rivalry is giving this practical lesson something more than dull routine, so the boys are studying every method for growing pork at the lowest cost.

Dairying projects will be taken at the beginning of the winter term by Norman Annis, Ervin Cummings, Leslie Gammon, Asa Packard and Stanley Walker. They have had laboratory experience with the Babcock method of testing cream and milk and are well versed on the science of feeding balanced rations.

All studies in this course are conducted in season of science, the classes are taken along in relation to present farming conditions. Students taking small fruit projects are receiving instruction in the protection of these plants and their care during cold weather. Winter pruning and inspection of orchards for cocoons and scale will soon be in order.

**Christmas Seals**  
Mrs. H. L. Bartlett of Norway is the chairman of the County Committee for the sale of Christmas Seals. Senator Frederick Hale has sent a telegram to the Maine Public Health Association as follows:

I congratulate the Maine Public Health Association on its share in the result and I hope that your Fourteenth Annual Christmas Seal Sale will be a great success. You have my best wishes."

## SOUTH PARIS

**Community Club Entertainment**  
Under the auspices of the community club Dr. Payson Smith, commissioner of education of Massachusetts spoke in the vestry of the Congregational Church Tuesday, Dec. 6th. Dr. Smith who was formerly school superintendent of the State of Maine, had, in years past spoken to South Paris audiences, and the knowledge that he was to be heard again called out a large, appreciative audience.

The meeting was called to order at 8 o'clock by Mrs. Madge W. Gray the president of the community club. Ruth Rolfe read the report of the last meeting, after which Mrs. Gray announced the next meeting of the government board would be held December 19. A piano duet, "Poet and Peasant" overture was given by Nellie M. Jackson and Helen M. Barnes.

Mrs. Gray introduced Dr. Smith who received enthusiastic applause. In his opening remarks he alluded to his visit to South Paris 25 years ago when he spoke in the high school and stated that, Paris, the County Seat, and the townspeople were held by him in the highest esteem and that the glamor of those earlier days had not departed. "It was indeed a great privilege to hear Dr. Smith, for no man in New England is held as a greater authority on education."

"Some Current Problems in Public Education" was his subject. It was an excellent address and full of forceful facts, for Dr. Smith's intimate knowledge of

conditions gives him a viewpoint which he impressively imparts with convincing power.

but why shouldn't one pay on the basis of the time an automobile is run. This is the only fair way. In some parts of the state motor cars are run all the year round. In others they are used only five or six months. No one seems to care for having laws passed that are just.

Next year there will be elections all over the country and the wire pullers and disreputable politicians are already getting ready for the fray. Some of them who have done nothing towards bringing the country back to normal conditions will be greatly astonished at their shake up. They will feel that a hurricane has struck them or that they have passed through a threshing machine.—Comment.

## Farmer Wants To Know Who Gets Other Half

Why the finished product of the farm and cattle range costs the consumer more than twice as much as the farmer or cattle grower gets for his product was discussed at a conference recently under the auspices of the Chamber of Commerce of the United States. J. H. Van Der Vries, general western manager of the Chamber, said statistics showed that the farmer and livestock raiser received about thirty-seven per cent of the price the consumer paid for their products.

## OXFORD

Portsmouth and Kittery G. E. Burns and Robert Rowe have been spending the week at East Madison, N. H., on a hunting trip.

A very pleasant event occurred at the home of Mrs. E. L. Burns of Kittery on Thanksgiving day when her four sons with their families and many friends were her guests at dinner. The family arrived early in the day and many hands made light work while mother superintended preparations. Two enormous turkeys were put in to roast and all the fixin's prepared. Many varieties of puddings, cakes, salads and sauces were rapidly manufactured, and almost every conceivable variety of pie "Just like Mother used to make" made early appearance. The same dining table around which the Burns family gathered at their home at Mapledale Farm since before the boys can remember was extended to its fullest capacity, and at 2 P. M. dinner was announced as ready. After dinner nuts and candy were served and old times talked over, and it was at a late hour when the guests took their leave with many thanks to mother who had made the day so pleasant for them all. The guests of the day were Granville Burns and Olive Burns, Charles Burns and Mildred Burns and two children Granville and Harold, William Burns and Verna Burns, Nathaniel Burns and Eva Burns and little son William, also Mr. and Mrs. Herbert Denning, Mr. Pennio, and Methyl Edwards.

## WHAT TO DO IF YOU LAY UP YOUR CAR THIS WINTER

Take or send your battery to the Willard Service Station to be stored until you need it. The additional security and convenience of leaving this to us far outweighs the moderate expense.

Dry storage is recommended for all batteries with wood separators, which have given a summer's service.

The plates will be disassembled and carefully stored in a dry place. In the spring, new separators are put in and the battery charged and put in condition for service.

Wet storage is recommended only for the Still Better Willard Battery with Threaded Rubber Insulation, or for a wood insulated battery that has been in service only three or four months.

If you do not intend to run your car this winter, write, telephone or call upon the Willard Service Station immediately for full particulars about the storage of your battery.

## Christmas Music For Every Home

The chain of Home Happiness is made complete at the Holiday Season by its strongest link—Music. We want music and happiness and all that it means in our homes during this joyous season.

At this time of the year every one of us has the music of merriment in our hearts. Our innermost feelings are joyously responding to the highest ideals of good-fellowship. To give expression to these feelings is a privilege and a lasting gratification. How to do it? Few of us can play musical instruments; few of us have been able to study the art of expressing in our own way, our musical desires and emotions.

However, there is one way that we may put our own individual musical feelings to play—and that way is—The Piano or Playerpiano.

#### Harvested Large Crop

Harvested largest crop of fruit in town and one of the largest in the county, at Sunnyside Fruit Farm, Norway. One hundred and fifty bushels of plums and pears were sold and delivered with the farm truck to a wholesale house in Berlin, N. H. The apples packed nearly 1,000 barrels were sent to E. O. French, an average price of \$5.00 per bbl. This farm was formerly known as the Herrick Fruit Farm and won many prizes at the big New England and Maine Pomological shows.

E. G. Farnum, present owner, is a firm believer in thorough spraying. 25 hundred gallons used this year, from three to six applications, with an Arlington out-fitter.

The quality of the fruit this year was fine. There 600 bbls of Gravensteins, McIntosh and Spys among the best in the State, packed over 50 percent fancy grade.

In 1922 there will be some thing doing in orchard fertilizing along with the spraying at Sunnyside.

#### Silver Wedding in Paper City

The local newspaper of Iroquois Falls comes to our office. In it is a marked article describing the silver wedding of Mr. and Mrs. Charles Whitehouse, which occurred Nov. 25th. Charles is a Norway boy and at present superintendent of the sulphite department of the Abitibi Power & Paper Co. Limited, Iroquois Falls, Ontario where he has lived for some years. Judging from the write up it was some affair and a pleasant evening enjoyed.

The name of the paper is the "Brook Hunter" and is on its fifth year. "Price: One sent on request" and surely it should enjoy a large circulation, as it is published in a town of over 3000 population in which there is only one automobile and day light comes at about 2 o'clock in the morning for some months in the summer.

Mr. Whitehouse has several relatives in this town whom he visited last summer and mention of it was made in this paper.

#### Norway Grange

All reports of Grange committees showed the order to be in good standing. The following officers were chosen for 1922:

Dr. C. M. Twissell is expected to be present at the next meeting on Dec. 24th. This will be an all-day meeting with dinner at noon. The committee begins with the R's and finishes the alphabet.

"Met" Osgood of Bethel was in town Monday, called here to consult a lawyer in quest of getting his rights. "Met" lived here for some years before the great fire—May 1894. He married Polly Shackley who died some years ago. He has been twice married since. His last wife coming from Bangor he says. He is 68 years old and works hard all the time the same as he used to when a citizen of this town. He called at our office and on Judge Wm. F. Jones as well as on Col. E. R. Smith. He says about all his old associates here have passed, over younger including Charlie Mason and Judge S. S. Stearns.

Helen Coy is stopping for a time with Mrs. Jessie Buck at Norway Lake.

Mrs. Percy H. Nevers was called to East Stoneham Friday by the serious illness of her son.

Charles Sharpe, shoe cutter, known as "Sharpe" was a little too sharp for the officers who invited him to appear the Municipal Court last Thursday at ten o'clock. The officers appeared at the appointed time but Sharpe didn't. He left town early that morning. He "hit-up" Jim Truitt for \$5.00 the night before and is now in parts unknown.

Abigail Whitman Chapter, D. A. R., met with Mrs. Gertrude W. Libby at her home on Paris street for the special December meeting. The committee on program gave a reading on Benj. Franklin followed by a play session in which pantomime guessing caused much fun.

The Christmas feature was pleasant. The life sized lady "Mary" was seated in a chair or rather she arose from the chair back and her white robe decorated in the Christmas colors fell over the chair to the floor. Each member had contributed a little inexpensive present and those were placed on the chair with strings attached. The robe being thrown back the strings were visible. Then one pulled a string and the gift was hers. More pantomime for the owner could only peek in her box or bundle. She must act the gift and the others guess. Then the gift was exhibited. "Oh what a pal was Mary!" Refreshments of ice cream and cake was served by the hostess. In addition to the next regular program will be a roll call on "International affairs."

Mr. and Mrs. William Jenkins have returned from South Windham and opened their home on Winter street.

B. G. McIntire was in Springfield, Mass., on business several days this week.
